All,

For our I-70 East conversation today, I prepared a set of maps depicting receptor placement. Please let me know if you have questions or additional mapping needs.

Hi Chris,

Staff at EPA (Region 8, OAQPS, and OTAQ) have spent the past several days reviewing the I-70 “Draft Air Quality Conformity Determination and NEPA Comparative Analysis” (hereafter, the “Draft”), the truck percentages spreadsheet, MOVES modeling information sent on the afternoon of Friday, December 16<sup>th</sup>, as well as AERMOD files sent Monday, December 19<sup>th</sup>. We wanted to make you aware of initial comments that we have at this point, and we request additional documentation of the analysis. We note that may have further comments as we continue to review the materials you have provided.
